All ages welcome!!

Besides making unique creations, students construct a step-by-step spiral booklet that shows how to recreate their activities (with steps and pictures) to use as a guide again and again long after CAMP CREATE. Parents: This expands expository writing! Activities adjusted to each age.

Spectacular Sewing While you sew up a storm, put your design on! Finish off unique hats, flowered headbands, sachets, or glittery shawls for fabulous fashionistas!

Sculptures: Wires, Gems, and Recycled Glass, Oh My! Give a reason to this fall season! Create sculptures with a purpose in mind. Give away or keep on your mirror tray. Sculpture holders for photos, gift cards, teacher presents, or jewelry!

Ruff-Ruff: Tug-a-More Doggie Toys Machine-washable, completely doggie-safe throw and pull toys. Stretch t-shirt material braided and knotted through tennis balls that make any dog a first-rate retriever. 

A Sticky Situation: Duct Tape Art Find your inner illustrator. Use designed duct tape to create unusual illustrated art pieces. Create 2-D and 3-D art — both fun and functional. Learn to make items like flowers, bags, and wallets, or collages. Just bring your imagination!

Goopy Glueies Decorate boas, create mums, or design face masks. The sky is the limit!
